Contents Volume 35, 2000

Vol. 35, Nos. 1–2

Research Papers

A review of lamellae
J.E. Rawling 3rd 1

The characterization of steady state in Earth surface systems: findings from the gradient modelling of an Indian climosequence
Y. Gunnell 11

Resedimentation of debris on an ice-cored lateral moraine in the high-Arctic (Kongsvegen, Svalbard)
M.R. Bennett, D. Huddart, N.F. Glasser and M.J. Hambrey 21

The geomorphic significance of rock glaciers: estimates of rock glacier debris volumes and headwall recession rates in West Greenland
O. Humlum 41

Drainage evolution in a rifted basin, Corinth graben, Greece
A. Zelilidis 69

The role of some site geochemical processes in the development and stabilisation of three badland sites in Almería, Southern Spain
H. Faulkner, D. Spivey and R. Alexander 87

Waterhole form and process in the anastomosing channel system of Cooper Creek, Australia
A.D. Knighton and G.C. Nanson 101

Grain size, sediment transport and alluvial channel pattern
W.B. Dade 119

Experimental study of wind directional variability in the vicinity of a model valley
J.E. Bullard, G.F.S. Wiggs and D.J. Nash 127

Rock glaciers in the South Shetland Islands, Western Antarctica
E. Serrano and J. López-Martínez 145

Book reviews 163

Vol. 35, Nos. 3–4

Research Papers

Catastrophic mass movement of 1998 monsoons at Malpa in Kali Valley, Kumaun Himalaya (India)
S.K. Paul, S.K. Bartarya, P. Rautela and A.K. Mahajan 169

Comparing the characteristics of rockfall talus and snow avalanche landforms in an Alpine environment using a new methodological approach: Massif des Ecrins, French Alps
V. Jomelli and B. Francou 181

Bank and near-bank processes in an incised channel
A. Simon, A. Curini, S.E. Darby and E.J. Langendoen 193

Monitoring sand dune advance in the Taklimakan Desert
Z. Dong, X. Wang and G. Chen 219

Wind tunnel and field calibration of five aeolian sand traps
D. Goossens, Z. Offer and G. London 233

Terrain analysis of the Racetrack Basin and the sliding rocks of Death Valley
P. Messina and P. Stoffer 253

The effect of bedload transport on mean and turbulent flow properties
P.E. Carbonneau and N.E. Bergeron 267
Desert pavement characteristics on wadi terrace and alluvial fan surfaces: Wadi Al-Bih, U.A.E. and Oman
A. Al-Farraj and A.M. Harvey 279
